

# CARE & SUPPORT FOR YOU ON YOUR JOURNEY

We see the Body of Christ across Canada collaborating towards the growth and flourishing of Cross-Cultural Workers (CCWs) and Third Culture Kids (TCKs).

We are like-minded Christ followers, passionate about caring, equipping, and supporting front line workers and their families. Our own cross-cultural life experience, combined with our recognition of our need for team, draws us to support CCWs and TCKs in transition.

# BECOME A MEMBER TOO!

Missionary Opportunities for Resourcing & Equipping

# OUR SERVICES

## DEBRIEFING RETREATS

**RE-VIEW** provides repatriating or on home service Cross-Cultural Workers (CCWs) with debriefing, reflection and further resourcing across Canada. Singles, couples and families, including children up to 17 years old, are served as they process difficult life transitions with staff who have been through similar hardships.

## CANADIAN MK NETWORK

The CMKN facilitates all things “Missionaries’ Kids”, including **Classic ReBoot** – a re-entry retreat for ages 17-20, **Wilderness ReBoot** – a back-country retreat for ages 21-35, MK mentoring, MK get togethers across Canada, and “Third Culture DNA” research. We’re here to connect, support, and journey with Canadian MKs of all ages.

## MORE NETWORK RESOURCE LIBRARY

Our **Mental Health Referral List** connects Member Care personnel from MORE Network organizational members to over 100 vetted Christian mental health professionals, spiritual directors, coaches and debriefers, all with cross-cultural experience, who can then resource their CCWs and MKs.

The **Multi-Media Resource Library** is an online, relational, collaborative collection of ever-increasing multi-media resources for Member Care providers, Church Mission Leaders, CCWs, and TCKs. Our **Alongsiders** ministry provides seasoned retirees to befriend and encourage CCWs in their country of service.

The newly launched **Strategic Stewardship Resources** aims to help CCWs with tough financial questions as they set out, are on the field or in retirement. Other resources are also available in our expanding MNRL!

## TRAINING & EQUIPPING

Merging with the MORE Network in 2024, MissionPREP initiated **RE-VIEW**. They also provide essential programs for couples, singles and families like **IMPACT**, an intensive pre-field preparation for cross-cultural engagement, and **PLANTS**, a course to increase one’s language learning ability. Contact us if you have a specialized training need for your organization or new candidate(s).

We partner with various organizations to fill the gaps existing in Member Care by co-facilitating workshops such as **Debriefing 101** and **Sharpening Your Interpersonal Skills**. **MK Education Resourcing** brings together networking opportunities for Mission Org leaders responsible for children’s education internationally and provides an ever-expanding resource list for special education needs.
