They are being regularly contacted for help by both mission orgs and global workers and are so grateful to be able to serve! They have had meaningful contact with around 125 families and individuals that have needed advice or help. Please pray as they are beginning a new initiative to build a library of both written and video resources on basic financial planning topics, fine-tuned for global workers. Pray for article submissions and opportunities for videos. This is time consuming work due to the nuances of planning for workers who may both be in Canada and overseas.
